

GP services in Peasedown St John: Your views

The large majority of GP services in our district are now **offering extended opening hours (evenings / weekends) to make it more convenient** for people to easily get an appointment. Remember, **these are additional hours, not a replacement** for existing daytime services.

1 If your local GP surgery extended its opening hours, do you think people in your neighbourhood would find it easier to get a convenient appointment? Yes No Don't know

2 Do you think your local GP surgery should follow other surgeries and offer extended opening hours? Yes No Don't know

3 Please sign here if you think Dan Norris MP should push the surgery to offer extended opening hours
